

## Our Shop Provenance

In our shop we try to stock a selection that means there is something for everyone.

A small gift to take home in a suitcase or a larger piece that you haven't seen anywhere else.

Our suppliers are carefully selected and have a focus on independent Scottish businesses with a unique product.

In homeware we love the selection of candles and diffusers from **Essence of Harris (Buth Bheag Ltd)**. They are based on the remote Isle of Harris and bring employment to many local people and are Investors in Young People.

We also have a new range from **The Melt Pool** who are based in Glasgow and use 100% natural products. Their candles are not only made with natural plant-based soy wax, they are also scented with natural essential oils. The candles don't soot or smoke, so you'll never need to worry about them staining your beautiful décor. The Melt Pool are passionate about aromatherapy and spend a lot of time working with essential oils so that they can bring the best scent combinations that will enhance your wellbeing.

Our cushions, totes, mugs and coasters from **MDM Creations** (Markinch) where Dawn works from her home studio, are colourful and eye catching and make a perfect gift.

Delicious and a firm favourite with visitors **Walkers shortbread** (Aberlour) can be bought in tins or bags.

For the sweeter tooth we have **Campbells Fudge** (Biggar). Made using the finest of ingredients and traditional cooking methods in a purpose-built carbon neutral production unit, on their farm along the banks of the river Tweed in the Scottish Borders. The family recipes they use are around 100 years old, they have been adjusted slightly from the original to allow them to produce products with a modern shelf life. The ingredients they use allow them to cook the mixtures so that they can produce their Tablet & Fudge with a wonderful rich colour and depth of caramel flavour, they then add our natural & exotic flavourings for you to savour and enjoy.

Various flavoured chocolate from **Coco Chocolate Ltd** based in Edinburgh.

We have a wide range of gifts including cards made by **Helen at Handmade Cards Direct**, recently moved from Pitlochry to Glasgow.

Leather products by **The Leather Guild** (Helensburgh) brand reflects both experience and tradition. Luxury leather is the principle material and Leather Guild use 100% sustainable leather from a number of sources best suited to the product and its use.
